周三，广西壮族自治区6名儿童去河里游泳失踪，周五，六名儿童遗体已经找到。

NANNING -- The bodies of all six drowned children had been recovered Friday, after they disappeared while swimming in a river in Guangxi Zhuang autonomous region Wednesday.

The primary school students from the city of Beiliu had gone swimming after school Wednesday.

Divers recovered two of the bodies while searching Wednesday night, a third body was located on Thursday and the final three were found Friday morning.

The local government has asked schools to warn students of the dangers of strong river currents.
