'Waiting for order to kill:' China video seeks army recruits

China's military is appealing to the younger generation with a slick new recruitment video featuring aircraft carriers, tanks and special forces troops, all set to a rousing rap-rock soundtrack.

China's army is using guns and hip-hop to recruit more young people

And the rap's lyrics may cause some of China's neighbors concern.

U.S. military recruiters take note: It's time to up your game.

????????????????????

The Chinese People's Liberation Army has released a new recruiting video geared toward young people that beats anything the U.S. military has to offer.

????????????????????????????????

Not since the days of "Be All That You Can Be" and Marines fighting lava monsters have U.S. recruiting commercials been nearly this awesome.
