

《日本三菱汽车承认油耗测试造假 两高管或辞职》

Mitsubishi Motors Corp's top two executives are likely to resign over the Japanese automaker's manipulation of fuel economy data, Japanese media reported on last Wednesday, in a scandal that has halved the company's market value in a week.

根据日本媒体上周三的报道，日本汽车制造商三菱汽车公司的两位高管可能因该公司操纵燃油经济性数据而辞职。油耗造假丑闻导致该公司市值在一周内减半。

Chairman and CEO Osamu Masuko has already told some affiliated dealers and parts makers of his intention to resign, the Yomiuri daily said.

根据《读卖新闻》报道，三菱董事长兼首席执行官益子修已对旗下部分经销商与零件制造商表达了辞职意向。

Separately, the Mainichi daily reported President and COO Tetsuro Aikawa has decided to step down.

另外，三菱社长兼首席营运官相川哲郎已决定辞职。
