戏剧《等待戈多》归来

对于戏剧迷来说，夏季是最炎热的季节，不过，那些一直耐心等待爱尔兰剧作家塞缪尔·贝克特戏剧的人，再也无需等待了，因为，《等待戈多》和一部叫做《Anesthesiologist》的现代戏剧归来了。

Summer is the hottest season for theaters goers, and those who have been waiting patiently for Irish playwright Samuel Beckett's plays, need wait no more: "Waiting for Godot" is back along with another modern drama called "Anesthesiologist". Contrary to what the title suggests, you won't be falling asleep to this one!

"Waiting for Godot" is well worth the wait thanks to this French production. The two main characters, Vladimir and Estragon, wait endlessly and in vain for the arrival of someone named Godot.

And his absence has led to many interpretations since the play premiered in 1953.

"This is an old and classic play. I want to see how it's different from the current play. And I'd also like to see the differences between domestic plays and the overseas ones."

Meanwhile, another modern drama "Anesthesiologist" is also meeting the capital audience.

The play is based on the real life story of an anesthesiologist. The play addresses a much heated social discussion revolving around the conflict between doctors and patients.

"As art workers, we tried to bring the characters to life with our craft. The story is quite touching," said Fu Yongfan, director of "Anesthesiologist".

Both plays have been previously staged in Beijing.
