

《你胆子到底有多大？摩天大楼上的空中步道你敢体验吗？》

导读:金茂大厦位于上海市浦东新区陆家嘴金融贸易区，周四将启用户外空中步道

Visitors to a landmark skyscraper in Shanghai can put their nerves to the test by walking, leaning off of or sitting down on the outside of one of China's tallest buildings?340.6 meters above the ground.

????????????????????????????????340.6????????????????????????????

The Jinmao Tower, in the Lujiazui area of Shanghai's Pudong New Area, will launch a program on Thursday that allows visitors to walk on an open-air glass walkway outside the building's 88th floor.

????????????????????????????????????88????????????????

The skywalk on the 420.5-meter-tall Jinmao Tower is about 60 meters long and just 1.2 meters wide, without a handrail. Visitors are harnessed to an overhead rail system that allows them to move about freely on the walkway.
