

《手枪变水枪，苹果你是认真的吗？》

导读:8月2日，苹果放出了iOS10 Beta4开发者预览版，在这个版本中苹果新增了大量的emoji表情符号，同时对之前的一些做了重新设计。而新表情符号当中最瞩目的当属以一支绿色水枪取代左轮手枪。

Apple has launched a series of more than 100 new and updated emojis.

?????100????????????????????

It's replaced the gun with a water pistol and put out new designs it hopes will be more inclusive.

????????????????????????????

The company says it wants to "ensure that popular emoji characters reflect the diversity of people everywhere".

????????????"?????emoji????????????"

The new green and orange pistol emoji looks more like a toy and will replace the black and silver revolver, but some people have mocked the swap on Twitter.

??

Emoji on Apple products are designed by the Unicode consortium.

????????????????????

It all comes after a series of high-profile shootings in America.

????????????????????

However, many people on Twitter have joked that switching a gun for a toy isn't "going to solve anything".

??“????????????”?

It may have been ridiculed on social media by some but anti-gun campaigners were delighted to see the change.

??

Last year it released a range of skin tones for popular faces but received criticism that it used a very yellow colour for the Asian skin.
