

《2016年苹果秋季发布会：Iphone7如何进化了？》

Apple Inc. unveiled its new water- and dust-resistant iPhone 7 and a new version of its Apple Watch with high-resolution cameras at its fall product event on Wednesday, and said a “ Super Mario ” game was coming to the new phone and “ Pokemon Go ” would feature on its upgraded Apple Watch.

Wireless AirPod

????

Apple has finally taken the controversial decision to drop the 3.5mm headphone jack from its latest iPhone. This change is to free up more space to make iPhone 7 slimmer than previous models. The move means that owners of

the iPhone 7 will not be able to directly connect any headphones with a traditional 3.5mm plug.
