

《看电影时有没有遇到过这些“影院怪人”？》

有喜欢的影片上映，约了好友一起开心去观影。结果，旁边坐了个爱吃的家伙，一路大声嚼着爆米花直到影片结束。这可真是郁闷。今天，我们就说说影院里常见的几种“怪人”（cinema monsters）。

The eaters ??

This is someone who seems to manage to eat pop corn and drink coke as loud as a train going by your house, if you live on the train track.

??

Phone flashers ???

During the movie time, this type of people just take out their phone and start talking or checking messages. This is rude and annoying. They should really be kicked out of the cinema.

??

The chatterbox ???

They talk a lot during the movie time, either about the movie plot or just gossip.

????????????????????????????????????

The late comer ???

They cannot show up on time, and they might have trouble finding their seats in the darkness, which is distracting.

????????????????????????????????????

The critic ???

They are criticizing almost everything about the movie, the cinema, or people around them. Why are they even bothering to go to the cinema?

????????????????????????????????????

????????????????????????????????????
