For a big-bang opening for her new exhibit, titled Private, Jackson hired the same Trump impersonator she used her photo shoots.

A crowd quickly gathered as a dozen bikini-clad women in high heels, as part of the stunt, surrounded the impersonator waving signs with slogans like "I am not a slut," and "Grab America by the pussy" - a reference to Trump's brags in a 2005 video that fame lets him grope women without their consent.

"Respect us!," "Don't touch our bodies!" women then chanted around the fake Trump, a reference to the women who came forward claiming that the real estate mogul groped them.
