

《四天搜救后，河北小男孩被救出枯井，却已无生命体征》

导读:近日，河北一男童因在家中帮忙干活不慎落入一口枯井,四日后被救出，遗憾的是却已死亡。

A Chinese boy trapped down an abandoned well has been found dead, after a huge four-day rescue operation.

????????????????4????????????????

The six-year-old fell into the 80m-deep well in Hebei province while harvesting vegetables on Sunday, state media Xinhua reported.

Rescue efforts were hampered by soft soil which was prone to collapse.

????????????????????

Earlier reports had put the well at a depth of 40m.
