

《带着未来归来！神舟十一号飞船安全着陆》

导读:北京时间星期五下午1:59，神舟十一号飞船安全着陆，景海鹏陈冬两位宇航员凯旋。此次历时最长的载人航天任务也宣告圆满成功。

BEIJING, Nov. 18 -- Two astronauts who completed China's longest-ever manned space mission returned to Earth safely Friday afternoon, according to the Beijing Aerospace Control Center (BACC).

??11?18??——????????BACC? ???

Zhang Youxia, commander-in-chief of China's manned space program, announced that the Shenzhou-11 mission, which lasted over a month, was a "complete success."

??"????"?

Zhang Gaoli, vice premier and a member of the Standing Committee of the Political Bureau of the Communist Party of China (CPC) Central Committee, delivered a congratulatory note from the CPC Central Committee, the State Council and the Central Military Commission at the command center of China's manned space program in Beijing.

??

The reentry module of Shenzhou-11 landed safely at the expected site in central Inner Mongolia Autonomous

Region at about 1:59 p.m. Friday Beijing Time.
