

《谷歌剥离无人驾驶汽车项目，成立新的子公司》

导读:谷歌已经剥离其无人驾驶汽车项目，并成立了名为Waymo的新公司。

Google is putting its self-driving car technology into a new company which it will call Waymo, the firm has announced. Waymo will be owned by Google's parent company, Alphabet.

????????????????????Waymo????Waymo????????Alphabet????

At a media event, the company showed the story of a blind man who was able to make a full trip using a prototype self-driving car. The trip happened in 2015, but the company spoke about it for the first time on Tuesday.

??2015????????????????????

"Steve Mahan rode alone in our prototype vehicles, cruising through Austin's suburbs," wrote Google's John Krafcik. "Steve is legally blind, so our sensors and software were his chauffeur."
