

《澳洲小伙4.73秒还原魔方 破世界纪录》

导读:想要还原一个魔方，你得花上一些时间才能完成吧，可这个澳洲小伙只用4.73秒就还原了3x3x3魔方，真是神手呀！

A student shaved 0.01 seconds off the Rubik's cube speed-solving world record as the previous champion looks on.

????????????????????0.01??

The video, shot in Sydney, Australia on Sunday, shows Feliks Zemdeg, 20, solving the famous 1980s toy in just 4.73 seconds.

????????????????20??Feliks Zemdeg???4.73????????80????????

The previous world record was set by Mats Valk, 20, who is sat next to Mr Zemdeg as he breaks his record.

??Zemdeg???Mats Valk????????

Mr Zemdeg, a commerce student at the University of Melbourne, gets ten seconds to inspect the Rubik's cube before he has to solve it.

Zemdegss????????????????10????????

He tells the judge he is ready and the clock starts. His hands move so fast the camera struggles to pick up his individual finger movements.

??

He throws the cube down, prompting a big cheer from the crowd. When Mr Zemdeg's realises he has broken the record he throws his hands up in celebration.

??

Mr Zemdeg is famous in the 'speedcubing' world and has been posting videos and tutorials on YouTube since around 2008.
