

《惊悚!四川一老人“死”8小时后复活》

导读:近日,四川宜宾市鱼井村一位老人在被家人断定死亡后,竟在棺材内奇迹地自然复活,这个消息在当地炸开了锅。

A Chinese family were shocked when they heard their father, whom they thought had died, knocking from inside his coffin, according to Chinese media.

??

Family members of the 75-year-old, who were preparing the man's funeral, said they rushed to open the coffin which was placed at their home in a village in Sichuan Province.

Mr Huang, a farmer, said his father had suffered from esophageal cancer for a long time, and in morning of last Sunday, he found his father had stopped breathing.

????????????????????????????????

The man said during an interview with Pear Video that his father's body had turned cold and he did not move when he shook him.

????Pear????????????????????

Mr Huang said: 'I had stayed beside him for a few days. once I realised he passed away, we lifted his body to the entrance of the house.'

???"????????????????????"

The man's body was put into a coffin two hours later.Upon hearing the man had passed away, his family members hurried to prepare the funeral. A pig was slaughtered and flower wreaths were made.

????????????????????????????

The preparation of the elderly man's funeral were well underway.

??????????

At around 5pm, the man's son heard noises coming from inside the coffin. A funeral preparer hired by the Huang family also noticed that the lid of the coffin had moved by about two inches.

Feeling strange, they tried to cover the coffin properly. However, several attempts all failed.

????????????????????????????

Then the family realised it was their father who was preventing them from closing the coffin.

????????????????????????????

They immediately opened the coffin and discovered that their father was still alive. Moreover, the man was knocking from inside the case, using both of his hands and legs.

??

Lying inside his coffin, the confused father asked: 'What is happening?'

????????????????"????????"

The elderly man is currently resting at home. His condition is reportedly in a stable condition and is able to respond to questions from the others.
