That includes a stake in Trump International Hotel, which earned Ms Trump between \$1m and \$5m last year.

????????????????????????????100-500????

The financial disclosure documents released late on Friday also detail recent salaries of several other high-profile

figures in the administration.

????????????????????????????????????

Ethics regulations require such financial disclosures for staff working in the White House. The documents show income and assets at the time they started working for the US government - before any assets were sold or disposed of.

Among the revelations are:

?????????

Ivanka Trump's business empire is worth more than \$50m, and the value of her stake in Trump International Hotel is between \$5m and \$25m, according to the filing of her husband, Jared. Ms Trump only recently became a formal White House employee, and may file her own disclosure form later.
