

Damping down: This was the place where the hijacked plane crashed low into the Pentagon, creating a fire which swept through large parts of the complex

????????????????????????????????

Grim task: Sniffer dogs were employed by search and rescue workers in the hope of finding trapped survivors. Tragically there were none

????????????????????????????????????????????

Evidence: Among the pictures published by the FBI are images of debris showing clearly components of the American Airlines Boeing 757 which was hijacked by five al Qaeda terrorists

????????????????????????????????????????757????????????????????????????????

Overhead shots show the extent of the devastation. Some 189 people died when American Airlines flight crashed into the Pentagon on 9/11, when terrorists also flew planes into the World Trade Center in New York.

????????????????????????????189??911????????????????????????????????????

The devastation was staggering and caused part of the Pentagon to collapse; it took days for firefighters to extinguish the blaze because it was so intense.

????????????????????????????????????????????????????????????

The sections of the Pentagon that were damaged were rebuilt in 2002 and in August that year staff moved back in. A memorial garden for the victims was completed in 2008 and is a 1.9 acre park close to the Pentagon.
