The source said French investigators now believe this was in all likelihood a terrorist attack. They believe there was just one attacker, and the danger is likely over, the source said.

????????????????????????????????????????????????????????

ISIS issued a statement saying an Islamic State "fighter" carried out the attack. The ISIS statement identified the attacker and called him "the Belgian." CNN has not confirmed the attacker's association with Belgium.

The shooting has not officially been declared a terrorist act but anti-terrorist forces are leading the investigation, French President Francois Hollande said.

????????????????????????????????????????????????????????

The people who were present have been evacuated and we are convinced that the leads which point us to this case, and which will allow us to uncover the truth, are of a terrorist nature, he said.
