

《网络是否败坏了人类的道德？》

导读:许多人认为隔着一网线，他们就可以在网络上肆意妄为、兴风作浪，网络是否真的败坏了人类的道德？

Years ago, one had to wait days or weeks to receive a letter or news from across the world. Now, everything is at the click of a mouse.

??

But the Internet has also created a culture of idiots and trolls who believe they're not subject to any moral standards when they give an opinion or comment on something.

????????????????"??"????????????????????????????????????

Since there's a screen to protect them, they believe they aren't bound by the laws of any nation. That couldn't be furthest from the truth.

??

Cowards leave comments that are outright sexist, ageist, racist, mean or cruel. I was reading an article about the terrorist attack that happened in Florida a couple of months ago and had to stop reading the comment section. The
