Man escapes on telephone wires to avoid paying hotel bill, gets stuck in mid-air

A man who didn't want to pay his hotel bill decided to flee Mission and discovered he was no Ethan Hunt.

????????????????????????????????????????????????????????????

He connected telephone wires to the next building and attempted to walk a tightrope about 19 storeys from the ground in China last Friday (Sept 29).

Videos of the incident show the man flipping and turning in mid-air as he struggled to hang on to the wires.

????????????????????????????????????????

More precarious was the fact that he was very near two high-voltage wires, China Daily reported.

The man was eventually rescued by firefighters and then arrested, reports say.

????????????????????

He probably has more than just the hotel bill to pay, now.
