

《喜欢下雪？中国多地大雪对生活工作造成严重破坏》

这段时间你的朋友圈都被大雪刷屏了吧。洁白的雪好美，可它也颇具破坏性。

BEIJING -- Heavy snow has continued to cause havoc in parts of China, disrupting traffic and bringing low temperatures.

?????—????????????????????????????????

Nineteen expressways in Northeast China's Liaoning province have been closed or controlled since snow started Sunday night, according to local transport authorities.

????????????????????????????????19????????????????

The snow will result in icy roads, the local observatory forecast Monday morning. Following the snow, Liaoning will see temperatures plunge by up to 10 degrees Celsius, the observatory said.

????????????????????????????

In Xinyang City, central China's Henan Province, snow from Wednesday to Friday, the worst since local records began in 1951, killed one person and injured three others.

????????????????????1951????????????????1????3????

Primary and middle schools in the city have suspended classes since Thursday.

????????????????

The disaster flattened 26 houses and damaged over 2,000 hectares of crops, causing total economic losses of 219 million yuan (\$33.8 million).
