

《高铁外卖服务升级 带给旅客更好体验》

正定马家卤鸡、金华火腿、周村烧饼……从1月18日开始,高铁“外卖”升级,这些特产居然也可以给旅客送上车了。

Passengers on board high-speed trains can only order meals one hour prior to departure time starting from Jan. 18, which has been cut from the previous two hours by China Railway Corporation (CRC), the paper.cn reported.

????????1218??

Passengers can order their meals or return food orders via CRC's official train ticket booking website 12306.cn or mobile app one hour ahead of departure time, and the meal will be delivered to the passenger's seat by railway staff.

CRC says the move is to better meet passenger needs and improve its service. In addition, to enrich the selection, passengers will also be able to order local specialties along the journey.

??

The online food ordering service on board high-speed trains was launched by CRC on July 17, 2017, and the

service has been widely welcomed by the public, with many seeing it as an innovative way to satisfy passenger needs.
