

《外星猎手称在谷歌地图上发现了不明飞行物》

外星猎手称在谷歌地图上发现了不明飞行物? 快来看看是否属实。

True believers are over the moon about a gray spherical orb spotted on a Google Earth image from upstate New York — proof positive, they claim, that aliens paid the bucolic region a visit.

??, ?????

The images were posted this week in a YouTube video titled “Sphere UFO Found on Google Earth Map” published by the user “UFOmania – The truth is out there.”

????????????“????????????UFO” ?YouTube????????“UFOmania—The truth is out there”???

According to the short clip – which has been viewed more than 28,000 times — the mysterious sphere was spotted on the edge of Lake George.

??????28000????????????????????????????

“Many past UFO reports describe round sphere UFO’s and it does seem to be the most common shape of UFO’s around the world,” a female robotic voice narrating the video says.
