《来认识Instagram上最受欢迎的网红小狐狸吧》

这只萌萌的小狐狸名叫Juniper，它的图片被晒到Instagram后就一下子炸开了锅，一瞬间粉丝遍布全球各地。小家伙一点都不怕生而且非常爱笑，一双弯弯的笑眼绝对让人看了心情大好！

Juniper is a 2-year-old fox with more followers than you do on Instagram — 2.2 million of them for her @JuniperFoxx account. She's one of the Top 10 Pets on the social-media site and the only one on the list that's not a dog or a cat. And now, as so many social-media stars do, she has her own book.

?????????????Instagram????????220????????@JuniperFoxx??

"Juniper the Happiest Fox," written by her human owner Jessika Coker, celebrates the vixen — the official name for a female fox — who lives in Florida and enjoys painting with her paws.

??????????????????.????? ????????????? ????????????

Juniper came to meet Jessica shortly after her birth. Juniper is a tame fox. Tame foxes have over 4,000 genetic differences from wild foxes, making them unsuitable for life in the wild. Juniper is (mostly) litter-trained and gets along famously with the dog named Moose. "Every once in a while life will throw you a gift," writes Coker. "My gifts just happen to have fur and fang-toothed grins."
