

《世界上最贵待售车牌，标价高达2000万美元[来开下眼界]》

大家都知道那些好记的、吉祥数字的车牌可以卖出高价，但最近英国有块待售车牌标价惊人，高达2000万美元。来看看是什么样的车牌吧。

The world's most expensive license plate is up for sale – with a staggering \$20 million price tag.

Believed to be owned by Kahn Design founder Afzal Kahn, it was last seen on his Bugatti Veyron SuperSport.

It's the most sought-after plate in the UK – and world – given its links to the pinnacle of motoring: Formula One.

Kahn bought the plate back in 2008 for the now seemingly bargain price of \$531,000 from the Essex Council. The council had owned the plate for 104-years.

Kahn allegedly turned down a \$8.5 million offer in 2014. The plate is now listed on Regtransfers.co.uk with a base fee of \$20 million.

But with the addition of taxes any buyer will have to stump up \$20.4 million to get the plate.

It would smash the current UK number plate record which stands at \$734,546.

Kahn recently posted a photo of the “F1” plate fitted to the Bugatti on Instagram taken last summer.

It's one of just three made by Kahn Designs – a UK-based car builder which transforms cars into one-offs.
