

《才刚满12天，这个男婴就被猖狂的猴子从母亲怀里抢走并咬死》

印度北部城市阿格拉，也就是泰姬陵的所在地，一名12天大的男婴被猴子从母亲怀里抢走，并被咬伤致死。

A 12-day-old boy has died after he was snatched from his mother and bitten by a monkey in northern India.

???????12????????????????????????????

The infant's mother was breastfeeding him at their home in the city of Agra when the animal entered the house and grabbed him, the family said.

????????????????????????????????????

The monkey dropped the badly bitten child on a neighbour's roof after locals gave chase to the animal.

????????????????????????????????????

The baby died of his injuries in hospital. Locals say monkey attacks in the area are growing more frequent.

??

The baby's uncle, Dharendra Kumar, told the BBC that the family was heartbroken.

?????Dhirendra Kumar??BBC???????????

"There are too many monkeys in the area. We live in fear. We have told the administration so many times to help us but they haven't done anything. The mother of the baby is too distraught to even speak," he said.

"The monkey bit the infant's head and only dropped him when people chased it with sticks and threw stones at it," he said

“?????????????????????????????????????”???

This is the latest incident in a series of monkey attacks in Agra, which is also home to India's most famous monument, the Taj Mahal. Two months earlier, a toddler was attacked by monkeys and is recovering in hospital.
