It’s always entertaining to fantasize about dream collaborations between our favorite shoe brands and unexpected creative partners, but in this day and age, nothing seems truly out of reach.

??

Adidas has already linked with French fashion house Chanel for the mega-limited NMD created in conjunction with Pharrell, but those were never truly available for retail to the masses (they were raffled off by colette).

What do you fantasize and dream about?

?????????

Research has shown that men are likely to fantasize far more frequently than women.
