Having recently split up with his girlfriend, fashion mogul Maezawa has launched an online appeal for a female "life partner" to accompany him on SpaceX's maiden tourist voyage — a slingshot trip around the moon tentatively

scheduled for 2023.

Maezawa is no stranger to attention-grabbing stunts.

????????????????????????????????

On New Year's Eve, he announced on YouTube that he will give away more than \$9 million to 1,000 of his Twitter followers to see if it makes them happier. All they had to do to stand a chance of winning the money was retweet his original post before midnight on January 7. A lottery will determine the winners.
