Beyond Meat is partnering with fast-food chains KFC and Pizza Hut to sell its plant-based meat replacements in China.

Beyond Meat??

The companies haven't announced specific details yet, but new products are scheduled to launch in June at the restaurants' Chinese locations.

??

"We're proud to expand our partnership with KFC into China, one of their largest markets worldwide, as well as introduce a new partnership with Pizza Hut in China," a Beyond Meat spokesperson told FOX Business. "We'll be sharing more details soon."
