Times Higher Education has released its World University Rankings 2021, with Tsinghua University in Beijing becoming the first Asian institute to ever break the top 20. An additional 15 other Asian universities also made the top 100.

????????????2021????????????????????????20????????????15????????????100??

The University of Oxford took the top spot for the fifth year in a row, followed by Stanford, Harvard, Caltech and MIT.

??

UK and US institutions took all of the top ten spots, with ETH Zurich being the first non-US or UK entrant at 14th.

“In the longer term, possibly permanent shifts in the global flow of academic talent that has traditionally fuelled the elite institutions of the US and UK could create real challenges.”

“??”

A similar trend was also seen in the QS rankings released earlier this year.

?????????QS(??QS????)??????????????????

In terms of international outlook – numbers of international staff and students, as well as international collaboration – Macao University of Science and Technology ranked highest, where 84% of students are international. with half of the universities in the top ten for this metric based in Hong Kong and Macao.

?????(?????????????)????????????????????84%????????????????????????????????

This year's rankings include over 1,500 universities from 93 countries and regions who are assessed across teaching, research, citations, international outlook, and industry income performance indicators.
