People in Japan are bidding farewell to Xiang Xiang, the giant panda and by far the most popular attraction at Tokyo's Ueno Zoological Gardens with celebrations and souvenirs.

??

The female panda is currently loaned to the Tokyo zoo and will be returning to China at the end of December.

Being the major attraction of the Tokyo zoo, Xiang Xiang enjoyed popularity in Japan since she was born in June 2017. The zoo had to introduce a ticketing system to reserve slots to watch her gambol around her enclosure. There is a daily limit of 6,500 people for Xiang Xiang alone, with slots typically reserved weeks in advance.

The Tokyo zoo has three pandas, Xiang Xiang and her parents Ri Ri and Shin Shin. However, as Xiang Xiang is coming back to China in December and her parents' 10 year loan will run out in February, the zoo is potentially under pressure over losing its favorite attraction.
