

《不容小觑的“蟑螂问题”》

一只小蟑螂看似不成大患，但是一年繁殖两万只的小强可是打不尽灭不完还传播多种疾病的巨魔。Cockroach problem（蟑螂问题）指的就是这种不可小觑的问题，如果处理不当，其危害会像滚雪球一样越来越大。

Cockroach problem is a problem that is bigger than it initially appears.

????????????????????

You've got one little piece of bad news, and there is always more, just like those little bugs.

??

??????

If you solve the problem earlier, it won't be a cockroach problem.
