《“排污费”的相关英语表达》

“排污费”的相关英语表达

To deal with worsening smog, Tianjin will raise pollution discharge fees drastically starting July 1. Under a new policy, discharge fees for four major water and air pollutants — sulfur dioxide (SO2), nitrogen oxide, chemical oxygen demand (COD) and ammonia nitrogen — will be increased on a seven-level sliding scale based on the amount of pollution discharged.

??????????????7?1????????????????????????????——??
