- 搬迁易造成动物死亡

注意：

- 1) . 词数100字左右，信的`开头已为你写好。
- 2) . 可根据内容要点适当增加细节，以使行文连贯。
- 3) . 参考词汇：郊区 suburb

范文：

Dear Editor,

I am writing to express the opinions of my classmates on whether Beijing Zoo should be relocated from the city center.

Some students in our class are in favor of moving the zoo out of the city. Firstly, they believe that the large number of tourists visiting the zoo every day causes heavy traffic congestion in the area. Secondly, they argue that relocating the zoo to the suburbs would provide a better environment for the animals with more space and cleaner air.

On the other hand, there are also students who oppose the relocation. They point out that Beijing Zoo has a long history, dating back to 1906, and it is well-known both domestically and internationally. They believe that moving the zoo might result in the death of some animals due to the stress and changes in their living conditions.

In conclusion, the discussion in our class reveals differing opinions regarding the relocation of Beijing Zoo. Both sides have valid arguments, and a careful assessment of the pros and cons is necessary before making a decision.

Yours sincerely,

Li Hua

尊敬的编辑，

我写信是为了表达我班同学对北京动物园是否应该从市中心搬迁的意见。

我们班里的一些同学赞成将动物园迁出市区。首先，他们认为每天前来参观动物园的大量游客导致了交通拥堵。其次，他们认为将动物园搬迁到郊区会为动物提供更好的

环境，有更多的空间和更清洁的空气。

另一方面，也有一些同学反对搬迁。他们指出北京动物园有着悠久的历史，始建于1906年，并且在国内外都享有盛誉。他们认为搬迁动物园可能会造成一些动物因压力和生活环境的改变而死亡。

总之，我们班的讨论显示出关于北京动物园搬迁的不同意见。双方都有合理的论点，在做出决定之前需要仔细评估利弊。

谨此，
李华
