暑假计划英语作文范文模板 第44篇

I went to the countryside to spend my summer holidays this year. I liked green plants, clear rivers and lovely animals there. I breathed the fresh air on the mountain and sometimes I went swimming in the river. I kept a diary every day.

I liked not only the scene of the countryside, but also the people there. I helped them to do farm work. I also helped the children in the neighbourhood with their lessons. The children were interested in English. They were good at reading and writing, but did not do well in listening and speaking. I helped them improve their listening and speaking. Their parents thought highly of me. I realized that knowledge is greatly needed in the countryside.

My summer holiday began on July 7th. I love summer holiday because I don't have to go to school and I can enjoy myself with my friends. I often spend the mornings doing my homework. And I always watch TV in the afternoon at home because it's very hot outside. And in the evening, I go swimming with my family and then hang out with my friends. I love swimming very much.
