- 1、学生心态：向往城市，不愿下乡。
- 2、就业现状：城市人才过剩;农村渴求人才。
- 3、就业前景：农村天地广阔，可施展才华。

范文：

Dear Editor,

As a college student, I believe the employment situation for graduates has some key points to consider.

Firstly, many students prefer cities over rural areas, causing an oversupply of talent in urban regions and a lack of skilled professionals in rural communities.

Secondly, job prospects in rural areas are promising, offering a wide range of opportunities for graduates to showcase their talents.

It is crucial for graduates to broaden their perspectives and consider the benefits of working in rural areas. By doing so, they can find fulfilling careers while contributing to the development of underprivileged regions.

Sincerely, Li Hua

译文：

亲爱的编辑，

作为一名大学生，我认为近年来大学毕业生就业情况有几个关键点需要考虑。

首先，许多学生更倾向于城市而不是农村，导致城市地区人才过剩，而农村社区则缺乏熟练的专业人士。

其次，农村地区的就业前景看好，为毕业生提供了展示才华的广阔机会。

对于毕业生来说，拓宽视野并考虑在农村地区工作的好处至关重要。通过这样做，他们不仅能找到充实的职业生涯，还能为贫困地区的发展做出贡献。

此致，李华
