

《高考英语作文记叙文范文：同学生病了》

One day, my classmate Lisa suddenly fell ill during school.

She complained of a headache and dizziness, becoming pale and weak. Our teacher and the school nurse acted quickly, calling for medical help. Lisa was rushed to the hospital accompanied by her parents and our teacher. The news spread, causing worry among our classmates.

We missed her presence in class and wished for her recovery. Thankfully, after weeks of treatment, Lisa returned to school with a smile on her face.

This incident taught us the fragility of life and the importance of health and friendship. We cherish each moment together and support one another in times of need.
