

《非洲是增长最快的加密货币市场》

The Director of 3.0 Verse (Digital Asset Universe) Mayur Poddar has said Africa is the fastest-growing crypto market.

3.0 Verse(数字资产宇宙)总监Mayur Poddar表示，非洲是增长最快的加密货币市场。

According to him, the opportunity cryptocurrency presents shows that the potential to generate income at a much higher scale is guaranteed.

据他说，加密货币提供的机会表明，以更高规模产生收入的潜力是有保证的。

He noted that technology adoption is faster in Nigeria compared to other parts of the globe.

他指出，与全球其他地区相比，尼日利亚的技术采用速度更快。

Poddar stated this at a stakeholders ' conference tagged ' 3.0 Verse summit 2024-Africa edition ' held in Lagos.

波德达尔在拉各斯举行的名为“3.0与2024年非洲版峰会”的利益相关者会议上表示了这一点。

The summit underscored the transformative power of crypto adoption in Nigeria and emphasized the continent ' s position as an emerging force in the global crypto ecosystem.

峰会强调了尼日利亚采用加密货币的变革力量，并强调了非洲大陆作为全球加密货币生态系统中新兴力量的地位。

Poddar, who boasted of 17 years in financial markets, specialising in cutting-edge tech for financial brokers and institutions, reiterated that the economic potential of blockchain industry is massive in terms of such opportunities.

波德达尔在金融市场工作了17年，专门为金融经纪人和机构提供尖端技术，他重申，就这些机会而言，区块链行业的经济潜力是巨大的。

“ We have over three million plus users and that is three per cent of the entire 100 million market share. We hope that in two years we should have 10 per cent of the market share and have 50 per cent trading volumes, ” he stated.

他表示：“我们拥有超过300万用户，占整个1亿市场份额的3%。我们希望在两年内拥有10%的市场份额和50%的交易量。”。

Justifying the need for the summit, Poddar said the interface and discussion session are intended to offer informed perspectives for old and prospective investors of blockchain assets.

Poddar表示，为了证明峰会的必要性，界面和讨论会旨在为区块链资产的老投资者和潜在投资者提供知情的视角。

A Financial market analyst in the digital space, Michael Damilanre Bello, explained the benefits of using 3.0 Verse for trading.

数字领域的金融市场分析师Michael Damilare Bello解释了使用3.0 Verse进行交易的好处。

“ 3.0 Verse is very different and one reason why I like this is because it ' s been made very easy for aspiring traders, users and people who have not been to digital space before as they can easily take it and find their way successfully around the app and get beautiful returns, ” he said.

他说：“3.0 Verse非常不同，我喜欢它的一个原因是，它对有抱负的交易员、用户和以前没有去过数字空间的人来说非常容易，因为他们可以很容易地使用它，并在应用程序中成功找到自己的路，并获得丰厚的回报。”。

Bello further applauded the Federal Government and Lagos State government for supporting the digital world.

贝洛进一步赞扬联邦政府和拉各斯州政府对数字世界的支持。
