axonometric怎么读

axonometric的读音:[aks 'n metr k]

axonometric的意思

1、adj. (几何学上)轴测法的;

axonometric的相关词组

1、axonometric view 轴侧投影;

2、 axonometric projection

三向（投影）图，不等角投影图，轴测投影（用以描绘出物体的立体感）；

3、 axonometric drawing 轴测图；

4、 axonometric chart 立体投影图；

axonometric的双语例句

1、 With converse thinking, reverse research based on axonometric projection is brought forward.

运用逆向思维，提出基于正轴测投影图的反求研究。

2、 Options: exploded axonometric views, materials, research, parti.

可选择项：三向投影的视图，材料，研究，部分。

3、 This paper introduces the application and graphic analysis of perspective affine transformations in axonometric ellipse.

本文介绍透视仿射交换在轴测椭圆中的应用和作图分析。

4、 Drawing three& point perspective view using parameter of axonometric projection

利用轴测投影的参数作三点透视图

5、 The Classification of Axonometric Projection and the Application in Architecture Design

轴测图分类及其在建筑设计中的应用

6、 The Selection and Application of Axonometric Projection in Common List in Engineering

常用轴测投影图在工程中的选择与应用

7、 Research on Movement Animation of Crank Block Mechanism Based on Axonometric Projection

用轴测投影实现曲柄滑块机构运动动画的研究

8、 Application of the axial change ratio and projection angle of axonometric projection

轴测投影的轴向变化率和投影角及其应用

9、The choice and conversion for axonometric projection parameters of complex inclined structure

复杂倾斜结构的轴测参数选择与换算

10、Function sets and their parameter analysis of axonometric projection

轴测段投影方程组及参数分析

11、Visual events and their computing of common complex objects under axonometric projection

常见复杂物体轴测投影视觉事件及其计算

12、The Relationship between Each Intersection Angle Parameters in the Axonometric Projection

轴测投影中各夹角参数之间的关系

13、Analysis of Perspective Affinity Variation of Axial Deformation Factor of Normal Axonometric Projection

正轴测投影轴向变形系数的透视仿射变换法分析

14、Foundation Formula of Axonometric Projection and Its Application

轴测投影的基本公式及其应用

15、Drawing the Axonometric Projection by the Intersecting Method of Oblique Views

视图斜置交会法画正轴测图

16、Method of drawing ideal normal axonometric projection

理想正轴测投影作法

17、Methods of graphic teaching for robot make use of three-views graph and axonometric projection

利用三视图与轴测图的机器人图形示教法

18、Analytical equations of normal axonometric projection of quadratic surfaces

二次曲面的正轴测投影解析式
