Are you a "budget wife"?

Despite the name, being a budget wife -- or *jingji shiyong nv* in Chinese -- is harder than it seems. According a list published by an anonymous Web user on Sina Weibo, China's most popular micro-blogging platform, to qualify as one, you

The word "budget husband" originates from the word "budget housing" (*jingji shiyong fang*), government subsidized public housing for low-income households. As the name implies, budget husbands' economic power trails that of "diamond husbands" -- intelligent, educated, rich, and well-mannered men from respectable families. Nonetheless, a budget husband is, according to Baidu, the new ideal among Chinese female white-collar workers.
