

《《加菲猫》电影更像是一种过时的零食》

Given Garfield ' s long history it ' s hard to imagine a film about the corpulent cat that feels as if it ' s made for almost nobody, but “ The Garfield Movie ” limbos under the bar. Big and loud, with animated action aimed at kids, the film also loads up references to things like “ Mission: Impossible, ” “ Top Gun ” and “ Fargo ” and still manages to feel as stale as a week-old lasagna left out too long in the summer.

鉴于加菲猫的悠久历史，很难想象一部关于这只肥胖猫的电影，感觉好像是为几乎没有人制作的，但《加菲猫》电影在酒吧下徘徊。这部电影又大又吵，动画动作针对儿童，还引用了《碟中谍》、《壮志凌云》和《冰血暴》等电影，但仍然感觉像夏天放得太久的过了一周的千层面一样陈旧。

Part heist movie, part family reunion, the film draws upon the most salient characteristics of the flabby feline, but mostly as an excuse to build a story that seems to crawl further from its origins with every passing frame. A bevy of star voices (Chris Pratt leading the way in the title role, along with Samuel L. Jackson) can ' t enliven a project that, creatively speaking, exhausts at least four or five of its nine lives.

这部电影一半是抢劫片，一半是家庭团聚片，它利用了软弱无力的猫科动物最突出的特征，但主要是为了建立一个故事，这个故事似乎每过一帧，就会离它的起源更远。

一群明星配音(克里斯·普拉特 (Chris Pratt) 领衔主演，塞缪尔·杰克逊 (Samuel L. Jackson) 配音)无法使这个项目变得生动起来，从创意上讲，这个项目至少耗尽了它的九条命中的四条或五条。

Peaking during a pre-credit sequence, the film introduces a big-eyed baby Garfield (those plush toys aren't going to sell themselves) who gets abandoned by his dad, Vic (Jackson), a resourceful outdoor cat, and taken home by Jon (Nicholas Hoult), who even adopts Odie the dog to keep him company.

在片头字幕前，影片引入了一个大眼睛的婴儿加菲猫(那些毛绒玩具不会自己卖出去)，他被爸爸维克(杰克逊饰)抛弃了，维克是一只足智多谋的户外猫，被乔恩(尼古拉斯·霍尔特饰)带回家，乔恩甚至收养了狗欧迪来陪伴他。

Flash forward several years, and the grown and well-fed Garfield has his suburban bliss upended when he's abducted (catnapped?) by Jinx (Hannah Waddingham, in a mini-“Ted Lasso” reunion with Brett Goldstein as one of her hench cats), using him as bait to lure Vic out of hiding and exact revenge.

几年后，吃饱喝足的成年加菲尔德被金克斯(汉娜·沃丁汉姆饰)绑架(被诱拐?)，他原本在郊区过着幸福的生活，却被金克斯彻底颠覆，她利用加菲尔德作为诱饵，引诱维克现身并实施报复。金克斯和布雷特·戈尔茨坦饰演她的心腹猫，上演了一出迷你版的《泰德·拉索》。

Said revenge involves forcing Vic and the resentful Garfield to team up on a milk heist from Lactose Farms, a setup that should make even dairy enthusiasts feel a trifle intolerant. In the process they encounter a lovelorn bull (Ving Rhames) and a security guard (Cecily Strong) named Marge who sure sounds a whole lot like her “ Fargo ” namesake.

报复手段包括迫使维克和愤恨的加菲尔德联手从乳糖农场盗窃牛奶，这个场景甚至会让那些乳制品爱好者感到有点无法忍受。在此过程中，他们遇到了一头失恋的公牛(文·拉姆斯饰)和一名名叫玛吉的保安(塞西莉·斯特朗饰)，她听起来确实很像她的《冰血暴》同名角色。

A lot more happens, but it ' s all a transparent ploy to keep the audience distracted long enough for Garfield and Vic to engage in family bonding, and squabble over their “ The Aristocats ” -style differences, which proves less heartwarming than intended.

还有很多事情发生，但这一切都是一种透明的策略，让观众分心足够长的时间，让加菲尔德和维克进行家庭聚会，并就他们的“贵族猫”式的分歧争吵，这证明比预期的更不温暖。

Part of the inherent challenge has to do with the demands of taking the simplicity of the original “ Garfield ” comic strip and blowing it up into something that can sustain this kind of enterprise, a task that feels especially thorny in this case.

部分固有的挑战与将原始“加菲猫”漫画的简洁性放大到可以维持这种企业的要求有关，在这种情况下，这项任务尤其棘手。

Traditionally, parents have looked for movies they can safely take kids to during the summer, and barring a few mildly racier gags, “ Garfield ” meets those modest criteria, at least, until reinforcements like the “ Inside Out ” and “ Despicable Me ” sequels arrive.

传统上，父母会寻找一些在夏天可以放心带孩子去看的电影，除了少数稍微有点刺激的插科打诨，《加菲猫》至少符合这些适度的标准，直到《头脑特工队》和《神偷奶爸》等续集到来。

For anyone with an appetite for more than air conditioning and a PG rating, though, “ The Garfield Movie ” is more like a stale snack than a fancy feast.

不过，对于那些对空调和PG级以上感兴趣的人来说，《加菲猫电影》更像是一种过时的零食，而不是一场盛大的宴会。

“ The Garfield Movie ” premieres May 24 in US theaters. It ' s rated PG.

《加菲猫》电影将于5月24日在美国影院首映。该片被评为PG级。
