《“空想时期”用英语怎么说？》

思想的巨人，行动的矮子”说的是那些有各种宏大想法，却很少去实践的人。在英语里，我们说一个人有很多ideas，但是都不付诸实践，于是他们就欠了这些ideas很多债，于是就有了idea debt这个说法。

Idea debt is when you spend too much time picturing what a project is going to be like, too much time thinking about how awesome it will be to have this thing done and in the world, too much time imagining how cool you will look, how in demand you'll be, how much money you'll make, and way too little time actually making the thing.

Idea debt??“????”?

The person who has many ideas with tons of lore and planning, but with little to no execution of those ideas into a tangible product is called an idea debtor.
