

《英语流行词：脱欧Brexit悔脱Regrexit》

一个历史性的节点变成一场历史性的闹剧，腐国脱欧公投这事儿真是闹个不停……从全球瞩目的公投——结果脱欧——卡梅伦撂膀子不干了——英国人民悔了——苏格兰嚷嚷着要独立入欧——欧盟决定或把英语剔除欧盟官方语言……感觉比狗血大片还要精彩的英国政治日常……

Tweeters vented their anger on a variety of themes. Some of those who voted “leave” said they now felt betrayed and wish they could turn back time and opt to remain. Others called out those same “leave” voters for choosing to exit the EU without having done the proper research.

??

Multiple people have reportedly admitted they didn't actually understand what they'd been voting for, either believing they were registering a protest vote against the government or just presuming that the “leave” campaign would never win.
