

《单词百科:spectrophotometric是什么意思?spectrophotometric怎么发音?spectrophotometric的解释和用法》

英语单词spectrophotometric是什么意思?spectrophotometric怎么读?spectrophotometric怎么发音?简答网为您整理了spectrophotometric的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看看吧!

spectrophotometric怎么读

spectrophotometric的读音:[spektr f 't m tr k]

spectrophotometric的意思

1、光谱光度测量的;

spectrophotometric的双语例句

1、This paper mainly introduces the comparison of spectrophotometric analysis and colorimetry.

主要介绍分光光度法与目视比色法间的比对体会.

2、The reaction of $\text{ClIr}(\text{NO})\text{Cl}_5$ and diphenylamine has been investigated by spectrophotometric method.

本文主要用分光光度法研究 $[\text{Ir}(\text{NO})\text{Cl}_5]$ - 与二苯胺的反应.

3、Blood-Determination of cholinesterase activity-Spectrophotometric method-Hydroxylamine-ferric chloride method.

全血胆碱酯酶活性的分光光度测定方法羟胺三氯化铁法.

4、Blood-Determination of cholinesterase activity-Spectrophotometric method-Acetylthiocholine and dithio-bis-(nitrobenzoic acid) method.

全血胆碱酯酶活性的分光光度测定方法硫代乙酰胆碱 - 联 硫代 双硝基苯甲酸法.

5、A spectrophotometric method was established for the determination of dermatan sulfate.

建立了分光光度法测定硫酸皮肤素.

6、Urine-Determination of thiocyanate-Pyridine - barbituric acid spectrophotometric method.

尿中硫氰酸盐的吡啶-巴比妥酸分光光度测定方法.

7、The phosphomolybdate blue spectrophotometric determination of phosphorus in ferromanganese was studied.

研究了磷钼蓝光度法快速测定锰铁中磷的方法.

8、Azomethine H Spectrophotometric Method for Determining Boron in Humic Fertilizer is described.

本文介绍了采用甲亚胺-H酸分光光度法分析腐植酸类肥料中元素硼的方法.

9、Spectrophotometric determination of isocyanate-group in adhesive was studied.

研究了分光光度法测定聚氨酯中微量异氰酸酯基的方法.

10、Spectrophotometric determination of free isocyanate-group ($-\text{NCO}$) content in polyurethane resin production is studied.

本文研究了分光光度法测定聚氨酯树脂生产过程中剩余—NCO含量的方法.

11、Fig . 4 Flow chart of pentosan analysis-Orcinol spectrophotometric method.

聚戊糖分析法流程图—间苯二甲酚光度法.

12、The drug concentration in the urine was determined by ultraviolet spectrophotometric method.

用紫外分光光度法测定尿中痛炎速灵的浓度.

13、Methods: Does not go to the sugarcoating, Direct ultraviolet spectrophotometric method determination.

方法: 不去糖衣, 直接紫外分光光度法测定.

14、Methods: Using ultraviolet spectrophotometric method take place of Electrophotometric method.

方法: 用紫外分光光度法替代光电比色法.

15、Degree of substitution (DS) of carboxymethylinulin was analysed spectrophotometric titration.

用光度滴定法测定了 羧 甲基菊粉的取代度.

以上是简答网为您整理的spectrophotometric怎么读的相关信息，希望对大家有一定的帮助。查看更多关于spectrophotometric的用法、spectrophotometric的释义、spectrophotometric的相关详情请点击：<https://dict.jiandongshicai.cn/spectrophotometric>
