????????????500?

左权县一名男子嘴对嘴喂食3岁女儿500天，这名三岁女孩患有罕见心脏衰竭弛缓性疾病，不能独立吃东西。

A man in Zuoquan county has been feeding his 3-year-old daughter mouth-to-mouth for more than 500 days, as she suffers from the rare cardiac failure flaccid disorder, Xinhua News Agency reported on Friday. The girl has been unable to eat alone since 2012 and is being treated at Shanxi Children's Hospital. The disease causes food to get stuck in the esophagus.
