radial的双语例句

1、 The rare suspension damping parameters of a jeep were optimized with radial basis function neural network.

以某汽车为例,采用径向基函数神经网络对后悬架的阻尼进行了优化.

2、 Radial stress , axis stress and shear stress at the critical interface regions are obtained and compared.

对各情况下的轴向、径向和剪切应力做了比较分析.

3、 How many radial (axial) clearance are there in this bush (journal bearing, thrust bearing)?

这个轴套(轴颈轴承止推轴承)的径向 (轴向) 间隙是多少?

4、 Brachial and radial artery pressures in 105 children were measured using an electronic sphygmomanometer.

方法:用电子血压仪监测了105例儿童的肱动脉血压值和桡动脉血压值,采用自身对照方法进行比较.

5、 It is the ideal equipment for manufacturing the radial tyre or nylon ply bias tyre.

它是理想的设备制造子午线轮胎或尼龙层偏见的轮胎.

6、 The radial displacement must be accompanied by a hoop force.

径向位移必定伴随着圆环力.

7、 Bearings and sealed bearings with domestic brands, single row radial ball bearings.

轴承和密封轴承采用国内名牌产品, 单列向心球轴承.

8、 Bearing rings and washers cylindrical surface to the radial guide cage.

轴承套圈和垫圈的圆柱形表面,用以在径向引导保持架.

9、 The average radial clearance, body clearance diameter of the external channels and rolling direction.

平均径向间隙, 外部渠道和全身清除直径轧制方向.

10、 A new linear approach with radial distortion model for camera calibration was designed and realized.

设计并实现了一种考虑径向畸变的逐步线性摄像机标定方法.

11、 A new radial friction welding band technology on small shell was proposed.

介绍了小口径炮弹弹带的摩擦焊技术.

12、 This car is fitted with radial tyres.

这辆车配有子午线轮胎.

13、 Objective To explore a convenient, rapid and effective method of neonatal radial artery blood sampling.

目的探索一种方便、快捷、有效的新生儿桡动脉穿刺采血方法.

14、 Accurate control of compression through close tolerance of gasket groove and

allowance for radial expansion.

通过密封环槽和精确公差和径向膨胀的精确留量实现压缩的精确控制.

15、 the radial pattern of public transport facilities

呈辐射状分布的公共交通设施

16、 The paper presents a new methodology based on genetic algorithms for radial distribution network planning.

提出了一种适用于配电网辐射型结构特点的网络优化基因算法.

17、 A description is made of the configuration, characteristics and operation of an axial radial methanol reactor.

介绍了轴径向甲醇合成塔的结构、特点及运行情况.

18、 This paper introduces the advantages of steel cord radial tyre and its development in the world.

介绍了钢丝帘线子午线轮胎的优点和国际上的发展情况.
