

《单词百科:radionuclide是什么意思?radionuclide怎么发音?radionuclide的解释和用法》

英语单词radionuclide是什么意思?radionuclide怎么读?radionuclide怎么发音?简答网为您整理了radionuclide的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看看吧!

radionuclide怎么读

radionuclide的读音:[ˈreɪ dɪ ˈnjuːklaɪ d]

radionuclide的意思

1、n.放射性核;

radionuclide的双语例句

1、The diagnostic conformable rate of dilated cardiomyopathy with radionuclide heart blood pool imaging was 83.3 %.

核素心血池显像诊断扩张型心肌病符合率为83.3%.

2、 ECG, myocardial enzyme determination, radionuclide inspection and coronary angiography to further clarify the diagnosis.

心电图、心肌酶测定、放射性核素检查和冠状动脉造影能进一步明确诊断.

3、 Radioactivity refers to the phenomenon of emitting ionizing radiation when a radionuclide spontaneously disintegrates.

指核种自发衰变时释出游离辐射之现象.

4、 Specialized radionuclide therapy performed includes radioiodine therapy for hyperthyroidism.

特色治疗项目主要是甲亢放射性碘治疗.

5、 Objective : To study clinical diagnostic value of radionuclide bone scanning in malignant tumor sub-clinical foci.

目的: 该文在于探讨核素骨显像对亚临床骨转移的临床诊断价值.

6、 Methods: Gated SPECT (G-SPECT) and rest equilibrium radionuclide angiocardiology (ERNA) were performed on 42 normal cases within 1 w.

方法: 42例正常人,在行门控心肌断层显像 (G - SPECT) 后1周内行平衡法核素心室造影 (ERNA).

7、 As a special treatment modality, radionuclide therapy is characterized by radioactivity throughout the treatment procedure.

放射性核素治疗是一种特殊的治疗技术,其整个治疗过程都具有放射性.

8、 Using radionuclide imaging for monitoring repairment of bone defect with tissue-engineered bone graft in rabbits.

用放射性核素监测组织工程骨修复效果的实验研究.

9、 Abstract: Groundwater is the major carrier for radionuclide migration in the high-level radioactive waste disposal.

文摘: 在高放废物深地质处置中,地下水是核素迁移的重要媒介.

10、Radionuclide tracer analysis is a third important method.

第三种重要方法是同位素示踪分析.

11、Objective To explore CT and Radionuclide scan application value in the diagnosis of subacute thyroiditis.

目的探讨CT和核素扫描在亚急性甲状腺炎诊断中的应用价值.

12、Left ventricular function can be assessed by contrast ventriculography, radionuclide ventriculography, or echocardiography.

通过对比心室造影、同位素心室造影或超声心动图可以评价左心室.

13、General irradiation and local radionuclide therapy can be used in arthritis.

放射性治疗关节炎包括全身放疗和局部治疗.

14、Objective To study radionuclide lymphoscintigraphy, a new method of localization diagnosis of chyluria.

目的探讨乳糜尿定位诊断的新方法.

15、The sample preparation, homogeneity test, stability inspection and the methods and results radionuclide certification are described.

介绍样品制备、匀性及稳定性检验、素定值方法和定值结果.

以上是简答网为您整理的radionuclide怎么读的相关信息，希望对大家有一定的帮助。查看更多关于radionuclide的用法、radionuclide的释义、radionuclide的相关详情请点击：<https://dict.jiandongshicai.cn/radionuclide>
