

## 《网店售卖世界杯病假条》

??????????

一些网店为那些想通宵看世界杯直播赛的球迷们出售病假条了！巴西世界杯将于6月12日开始，很多场球赛将在半夜（北京时间）进行。

Some online stores are selling sick leave certificates for soccer fans who want to burn the midnight oil and watch live World Cup matches, New Culture Daily reported on Thursday. Many games in the tournament, which starts on June 12 in Brazil, will begin at midnight Beijing time. Chinese viewers might feel too tired to work the next day. The sick leave certificates, purportedly issued by hospital doctors, sell for 10 yuan (\$1.60) to 300 yuan.
