南方医科大学学生发明了新型避孕套——丁字裤避孕套

。团队领导人孔燕香表示，他们设计的的避孕套将传统避孕套与丁字裤相融合，使避孕更加有效。丁字裤避孕套已经获得一广州公司200万元的投资，预计年内就会上市。

Students of Southern Medical University have invented new condoms which are in the form of G-string. Kong Yanxiang, leader of the team, said the condoms they have designed blend traditional condoms and G-string to make the contraception more effective. The G-string condoms have already obtained investment of 2 million yuan from a Guangzhou company and will hit the market later in the year.
