

## 《单词百科:reactivity是什么意思?reactivity怎么发音?reactivity的解释和用法》

英语单词reactivity是什么意思?reactivity怎么读?reactivity怎么发音?简答网为您整理了reactivity的解释、用法、例句、词组等相关学习资料。下面跟小编一起来看一看吧!

### reactivity怎么读

reactivity的读音:[ ri æk t v ti]

### reactivity的意思

1、n.反应性;反应,反动;

### reactivity的相关词组

- 1、bifunctional reactivity 双官能反应性;
- 2、monomer reactivity 单体活泼度;

## reactivity的近义词

1、responsiveness 响应性，易起反应；

## reactivity的双语例句

1、NF<sub>3</sub> is relatively inert at ambient temperature and pressure conditions and exhibits little, if any, reactivity.

在常温常压下NF<sub>3</sub>是相对不活泼的,显示出很低,如果说有的话,的反应活性.

2、Amino silicone oil has been already applied in fabric finishing for its good absorbability and reactivity.

氨基硅油因有良好的吸附性、反应性,已被广泛用于纤维织物的整理.

3、The surface reactivity of many nonblack fillers generally precludes strong bonding with this type of matrix.

许多非碳黑填料的表面反应性一般阻碍与该种基质形成牢固的粘结.

4、The blast furnace is influenced coke's hot reactivity in breathing freely and producing all right.

热反应性影响高炉的透气性和高炉顺行.

5、Using TGA, reactivity of biomass char in CO<sub>2</sub> atmosphere was studied.

利用热重分析仪研究了CO<sub>2</sub>气氛下的生物质半焦的反应性.

6、Recently the reactivity of nitric esters in the presence of hydrazine has been investigated.

人们近来研究了有肼存在时硝酸酯的反应性.

7、They differ in solubility and chemical reactivity.

它们在溶解度和化学反应活性上有差别.

8、Such changes influence the dendrite structure of matrix, precipitation, solute segregation, interface reactivity, solidification defects etc.

从而对基体组织的形态、二相析出、溶质偏聚、界面反应性、

凝固缺陷等产生重要影响,最终影响复合材料的性能.

9、Oxygen has high reactivity.

氧的反应性很高。

10、The reactivity of limestone is very important to the wet flue gas desulfurization process.

石灰石的活性对湿法烟气脱硫工艺具有重要意义。

11、Fifthly, knowledge and human can not be partitioned, they are enhancing reactivity with each other.

第五,知识与人才不可分割,它们之间相互促进、提高。

12、As a heterogeneous reaction, some activating treatments are necessary to improve the and reactivity of cell.

为了提高纤维素对试剂的可及度及反应性能,在进行多相反应之前,纤维素材料通常要经历溶胀或活化处理。

13、Quantum chemistry method is used to study the reactivity of the methanol dehydration.

用量子化学方法,研究甲醇脱水的反应性。

14、This paper discussed the effect of relaxation training on cardiovascular reactivity and mental arithmetic achievement.

本实验目的在于探讨放松训练对正常状态和心算应激时心率、T波幅度的影响。

15、The blast furnace is influenced by the coke's reactivity in breathing freely and producing all right.

焦炭热反应性影响高炉的透气性和高炉顺行。

16、This system can overcome the disturbance of the reactivity and maintain the stability of reactor power.

当反应堆功率出现偏差时,它能克服反应性扰动,并能使反应堆维持在需要的功率水平上。

17、Chemical reactivity of regenerated cellulose was improved through synthesis of sodium carboxymethyl cellulose CMC.

通过改性前后棉纤维合成羧甲基纤维素研究发现,闪爆改性后其反应性能有大的提高.

18、The reactivity of limestone is of very importance to flue gas desulfurization ( FGD ) process.

石灰石的活性对烟气脱 硫 工艺具有重要意义.

以上是简答网为您整理的reactivity怎么读的相关信息 , 希望对大家有一定的帮助。查看更多
