现在让我们调整主镜的螺丝吧。

- 4、 Language is a reflector of a society to some extent.

从某种程度上来说,语言反映了社会。

- 5、 Bulk Molding Compound is specifically formulated for injection molding of automotive headlamp reflector applications.

玻璃纤维增强团状模塑料,是为汽车车灯设计的特殊配方。

- 6、 Butterfly reflector , wide and uniform light beam, long distance irradiation, high efficient illuminance.

碟形反射罩, 光束宽阔、均匀, 照射距离远, 照明强度高。

- 7、 The multilayered medium high reflector is in the laser one of important optics parts.

多层介质高反射镜是激光器中重要的光学元件之一。

- 8、 Oxidized aluminum reflector in positive pole , which is designed for narrow &

medium light beam .

进口阳极氧化铝 反光 器, 眩光更小.

9、 Try trading one of these unforgeable plates and a reflector to a Pit attendant.

试着把不能加工的底片之一和反射器一起交给竞技场的服务员.

10、 He broke the reflector of his car the first time he drove.

他第一次开车,就把汽车的反光镜给碰坏了.

11、 A new style fast heating infrared equipment parabolic reflector equipped , was developed for heating metal samples.

开发了一种新型金属试样红外线快速加热装置.

12、 The illumination condition using the free reflector was ray tracing simulated with point source source, respectively.

对得到的曲面进行了光线追迹模拟, 光源分别采用均匀发光的点光源和面光源.

13、 The system comprises the collimator with three optical fibers, the beam deflector and the reflector.

该方法与系统包括一个三光纤准直器, 一个光束偏转器与一个反射器.

14、 Venus's cloud cover is a great reflector of sunlight.

金星的云层能够大量的反射阳光.

15、 A free reflector was designed to get uniform illumination on a specific planar.

为在特定平面上得到均匀照明,构造了一种自由曲面反光器.

16、 Separate the reflector from the rear bumper.

从保险杠分离反射镜.

17、 Flexible module configuration realizes the reflector and other different parts can be exchanged.

灵活多变的模块化配置,实现不同反射体及不同配置设备的互换.

18、 Pedal is one of our main products, there are variety size and color reflector , plastic body.

自行车脚踏是本公司主要产品之一, 有多种型号,多种颜色,多种材质, 适合各种自行车.

以上是简答网为您整理的reflector怎么读的相关信息 , 希望对大家有一定的帮助。查看更多关
